## EDUCATION

| **Bachelor's in CSE** | **Guru Nanak Dev Engineering College, Ludhiana** | **Aug,2019 - Jun,2023** |
|---|---|---|

GPA: *8.0*/10 (Till 6th Semester)

| **Intermediate** | **Kendriya Vidyalaya A.G.C.R, Delhi** | **2016-2018** |
|---|---|---|

Marks Obtained: *77%*

| **High School** | **Kendriya Vidyalaya A.G.C.R, Delhi** | **2006-2016** |
|---|---|---|

Marks Obtained: *85%*

## TECHNICAL EXPERIENCE

| **Subject Matter Expert** | **Chegg** | **Oct,2021** |
|---|---|---|

- Clear queries of student and solves doubt questions related to computer science related subject.
- Computer Science subject matter expert.

| **Content Creator** | **YouTube** | **Nov,2021** |
|---|---|---|

- Make videos related to programming and handle my channel (iostream.h)
- Technical videos related to C++ and web development.

## PROJECT

**Sorting Visualiser**  *GITHUB*  |  *LINK*

- Tech Stack: HTML, CSS, JavaScript
- The web-based project produces visualisations for the sorting Algorithms making their understanding easier.
- Displays visualisations for Bubble Sort, Selection Sort, Insertion Sort, Merge Sort, QuickSort

**Krypt**  *GITHUB*

Tech Stack: HTML, CSS, JS, Blockchain, Solidty

- Connect a regular React.js application to the blockchain and pair it to your Ethereum wallet using MetaMask.
- Smart Contracts on the Ethereum network using the Solidity programming language.
- Create a full-fledged Web 3.0 application that allows users to send transactions through the blockchain.

## RESPONSIBILITIES AND ACHIEVEMENTS
